MRS. L. E. HEATH ENTERTAINS CLUB.

Mrs. L. E. Heath delightfully en-
tertained the members of the Ladies'
Bridge Club and a few guests last
Thursday afternoon.
The home was adorned with vases
of yellow and orchid canna lilies,
which blended with tallies, table
covers and other appointments.

At the close of the games prizes
were awarded as follows: high club
prize, silver salt and pepper shakers,
to Mrs. F. H. Schweers, high guest
prize, a lovely corsage, to Mrs. R. J.
Noonan. In the cut for consolation,
Mrs. O. B. Taylor received the club
prize, a box of powder, and Mrs.
Fletcher Davis, the guest prize, also a
box of powder.

A lovely plate lunch of salad, sal-
tines, potato chips and cake and iced
tea was served at the close of the
games to the following: Mesdames
Felix Batot, Ed. Connevey, Alice
Reinhart, Edward Cameron, Earl
Boon, Fletcher Davis, Horace Brad-
ley, R. J. Noonan, H. J. Meyer, Gar-
land Martin, T. B. Knopp, O. B. Tay-
lor, F. H. Schweers, R. W. Speece,
Earl Starnes, Barnitz Carle, Alice
Reinhart, W. O. Rothe, O. H. Miller
and Robert Kollman.

The following relatives and friends
from out of town were here for the
funeral Sunday of the late W. R.
Routt: Mr. and Mrs. Russell Routt of
Meridian, Mr. and Mrs. W. K. Har-
per of Baytown, Mr. and Mrs. E. J.
Douglass and two daughters from
Charlotte, Dan Powell and family of
Luling and J. T. Powell and daugh-
ters of San Antonio.

Mrs. L. A. Stiegler and Mrs. E. H.
Frerichs and daughter motored to
Luling Monday to attend the com-
mencement exercises, one of the
graduates being Mrs. Frerichs' neph-
ew. On Tuesday, accompanied by
Mrs. Wilson, Mrs. Jurney and Mrs.
Hancock, they visited friends in Aus-
tin and Lockhart.

The Kirby Petroleum Company of
Houston has begun drilling for oil

of the week and returned Thursday
accompanied by Miss Hermine Nes-
ter, who has been a student at the
Seguin Lutheran College the past
year.

Mr. and Mrs. C. L. Stock and little
daughter, Betty Caroline, and maid,
Mrs. Linsey, arrived here Wednesday
from Phoenix, Arizona, for a visit
with Mr. and Mrs. J. E. Murphy. Mrs.
Stock is a sister of Mrs. Murphy.

Mesdames F. H. Schweers, E. J.

You may never have thought of yourself in just this way. It
may never have occurred to you that in finding many of the needs of
your every-day life you have at your command organized guidance
and help of the most practical kind.

But this is the fortunate situation in which you find yourself
whenever there is something you are about to buy, from a package
of salt to a sedan. When you turn to the advertisements in this news-
paper you call on safe and expert buying counsel that will enable
you to get the last cent's worth for every dollar you spend.

Advertisements are your purchasing advisers, your economic
scouts in any field of merchandise. Each one presents important and
carefully selected facts that you are not in a position to discover
without their aid. You can "bank on" the advice that each one gives.
Its value has already been proved to people, over and over again.

Make a practice of reading the advertisements. They save you
time and energy and worry. They make it easy for you to be an
expert purchasing agent for your family corporation.

ANOTHER OLD CITIZEN PASSES. TWO GRADUATES AT ST. JOHN'S.

Mr. Wm. R. Routt died at his home
a few miles southwest of Hondo,
Friday, May 30, 1930, after a brief
illness. His body was laid to rest in
Oakwood Cemetery Sunday after-
noon, his pastor, Rev. M. Williamson,
of the Hondo Methodist church, con-
ducting the funeral services at the
home and at the grave.

Deceased was born in Madison
County, Alabama, December 28,
1850, and had, therefore, attained
the ripe old age of 79 years, 5
months and 2 days. He had been a
farmer all his life and took an active
part in all movements for the better-
ment of farm life. For a number of
years he served the County Farmer's
Union as its Chaplain.

When just entering upon his 24th
year of age, Mr. Routt was married
to Miss Lucy Ann Rowell, January
21, 1874. Twelve years later, in Jan-
uary, 1886, they moved from Ala-
bama and settled at Ladonia, Texas.
From there they moved to Hondo in
1888, where they have since resided.
Six children were born to Mr. and
Mrs. Routt, all of whom, with his
aged widow, survive him. A notable
fact is that during all of the more
than 56 years of their married life
his own death is the first to break
his immediate family circle. The
children are Mrs. E. J. Douglass of
Charlotte, Mrs. Sudie Laughinghouse
of Hondo, Russell Routt of Meridian,
Texas, Mrs. W. K. Harper of Bay-
town, Texas, Bob Routt of Little
Rock, Arkansas, and Miss Mae Routt
of Hondo. Seventeen grand children
and eight great-grand children also
survive.

He became a member of the Meth-
odist church when a young man and
for nineteen years served the local
church here as one of its stewards.
An even-tempered man, he led a
 blameless life and died respected and
mourned by all who knew him. His
family, his country, his church and
his friends grieve for the passing of
a good man, because of the severing
of mortal ties, but that grief is soothed
by the reflection that he died sus-
tained by the same trusting faith by
which he had ordered his life so well.
His family, and especially his aged
companion, have the heartfelt sym-
pathy of all who know them.

MISS SHAW TO WED.

Houston friends have received in-
vitations for the marriage of Miss
Sadie Mae Shaw, daughter of Mr.
and Mrs. Marion Shaw of Sherman,
and Stephen Arthur Moncrief of
Houston, son of Mr. and Mrs. J. A.
Moncrief, which will take place the
evening of June 14 in the bride's
home city. Miss Sarah Marlin of
Houston will be one of the bride's
maids and little Mary Beth Sanders
will serve as flower girl. John Schu-
macher will be best man and John
Hailey, Jr., R. D. Moncrief and Har-
old Clark, groomsmen. The couple are
to make their home in Houston.—
Houston Chronicle.

Miss Shaw taught the Commercial
class in the Hondo High School here
for the last two years, and has many
friends here who wish her happiness.

COUNTRY GENTLEMEN ELECT AUGUST FINGER MANAGER.

August Finger was elected man-
ager of the Hondo Country Gentle-
men last week to fill the place vacat-
ed by B. C. Rucker, who was forced
to resign because of business. The
Gents took on Seco Sunday at
D'Hanis and came off winners by a
6 to 1 score. This made the fourth
straight win for the Hondo team and
a total of five victories out of seven

YOU AND CO.

At the closing exercises of St.
John's School last Sunday night high
school diplomas were awarded to two
graduates, Rev. Father T. A. Flynn
making the presentation following an
appropriate address.

Miss Fern J. Mann was the Vale-
dictorian and Miss Lorine B. Mann
was the Salutatorian.

The formal graduating exercises
were interspersed with several musical
selection by the children, which did
credit to Hondo's coming musicians,
and a most interesting little playlet
entitled "The Graduates' Choice."

The affair was pleasing in every
particular, showed painstaking and
efficient work on the part of the
good sisters who have had charge of
the school, and afforded every evi-
dence that all Hondo can well be
proud of its Parochial school.

CELEBRATES SEVENTIETH BIRTHDAY.

Mr. M. S. Koch celebrated his
seventieth birthday last Sunday, June
1, 1930, at his home out on the hill
southwest of town.

The event was marked by the
home-coming of Mr. and Mrs. Koch's
children, and, although the happy
occasion was lacking in some de-
gree of pleasure because of illness at
the time of Mrs. Koch which con-
fined her to her bed, it was a happy
event for both parents and children.

The children present were: Mr.
and Mrs. J. H. Moore of San An-
tonio, Mr. and Mrs. Louis Koch and
children and Dr. Alvis A. Koch of
Bishop.

MARRIED.

The Anvil Herald is in receipt of
the following card:

Mr. and Mrs. Frank Seidenberger,
Sr., announce the marriage of their
daughter, Helen Elizabeth, to Mr.
Edwin R. Wurzbach Wednesday,
June 4, 1930, Houston, Texas.

At home, San Antonio, Texas, Rt.
4, Box 160.

The groom is the son of Mr. and
Mrs. Charles T. Wurzbach, and a
successful young stockman and farm-
er of the eastern part of the county.

This paper joins his many friends
in extending congratulations

ANOTHER IMPROVEMENT.

The Colonial has added another to
their long list of improvements. Since
they opened their doors for business
in November, 1924, they have made
one improvement right after the
other. This time it is an "air washer"
which has been added to their Artic-
Nu-Air cooling system, which they
have had in operation for the last
two seasons. With this air washer in
operation the Colonial patrons are
assured of a nice cool breeze at all
times, as all the air passes thru water
before it enters the theatre, cooling
it to a remarkable degree.

A SELECTED OFFERING.

Here is an unusual program for
you to absorb. Sunday and Monday
it is "Blaze of Glory." Tuesday and
Wednesday, "Nothing but the Truth."
Thursday and Friday "Sarah and
Son." Saturday "The Benson Murder
Case." See ALI-DIN from Sunday to
Thursday.

CARD OF THANKS.

We wish to take this means of
thanking our friends for their many
kindnesses, sympathy and beautiful
floral offerings in the death and
funeral of our husband and father.

MRS. W. R. ROUTT,
and CHILDREN.

TEXAS AND TEXANS

TEXAS AND TEXANS.

By Will H. Mayes.

"All Texans for All Texas"

Getting Texas Gas

The rigors of winter in Illinois and
Indiana are to be tempered by Texas
gas. When pipe line was laid from
the Texas ranchland gas fields to
Kansas City a year or two ago the
country was amazed that Texas could
undertake to supply Kansas and Mis-
souri with natural gas. A number of
Texas gas and oil industries are now
affiliated with the Insull interests, it
is announced, to extend gas pipe
lines about 1,000 miles into the Great
Lakes States. Texas seems to have
enough gas to heat the entire coun-
try for many years to come and to
enrich thousands of the State's citi-
zens under whose lands this gas is
located.

It Can't Be Done

A few Texas papers seem to be
taking seriously the recent proposal
of a Texas congressman to divide
Texas in order to give the South
larger senatorial representation.
While it is true that there might be
some advantages in a division of the
State into several weak little states,
it will probably be several centuries
before Texans will ever agree to tear
apart the five points of the Lone
Star flag around which there is so
much tender sentiment. Texans have
too much pride in its history and
traditions, in its topmost position
among the States, to sacrifice its
greatness merely to acquire some
temporary political gains. The Em-
pire State may be a bit unwieldy be-
cause of its bulk, but disdains sug-
gestions of division.

Presidio's Magic Growth

Presidio, the Rio Grande river town
of the "Big Bend Country," of Texas,
would probably have been a strugg-
ling border village forever if the
Santa Fe had not decided to extend
its lines there. The terminal of the
railroad is about two miles from the
center of the old town, which will
likely move to the railroad if it is
mindful of its own interests. A
"magic" little city is already spring-
ing up there awaiting the waste of
the railway engine, and as that will
be the only port of entry between
Del Rio and El Paso, a fine town
will soon grow up there. With its
great resources, as yet untouched,
the "big bend" needs only closer
touch with the outside world and
more money for development, and
these the Santa Fe will be a great
factor in securing.

New Braunfels Growth

There is not much surprise that
the new towns of Texas in sections
just recently developed are showing
marvelous growth in the census re-
turns, or that towns in which condi-
tions have been unusually favorable
in the last ten years have increased
rapidly, but when it is announced
that New Braunfels, thought by
many to have been fully grown a
quarter of a century ago, should have
increased from 3,200 in 1920 to
6,241 in 1930 occasions some sur-
prise. It is true that the area of the
town has been extended, but so has
that of other towns, where the sub-
urban population has justified exten-
sion.

The secret of the New Braunfels
growth, in a community long ago
thickly settled, which has had no
boom of any kind, has been solely
the energy, the enterprise and the
pride of the people who make its
citizenry. They have made New
Braunfels an attractive town, a mag-
net for home lovers, and have worked
unitedly and incessantly for every-
thing for the good of the community,
investing their efforts and their
money in every worthy enterprise. A
visit to New Braunfels and a talk
with its people will show how it is
done.

Calculating in Miles

The lower Rio Grande Valley has
shipped this season more than 25,000
carloads of fruits and vegetables and
at least 5,000 carloads must have
gone out by trucks. If it could all
have been shipped by one train, that
train would have reached half way

across the State of Texas. The total
shipments approximate \$24,000,000.
It stretched out in one dollar bills
end to end, the receipts would make
a greenback ribbon from the Valley
to New York. Only three counties
comprise the part of Texas known as
the Lower Rio Grande Valley or
about one-eighth of the area of
Texas. Texas certainly has possibili-
ties, but it is difficult to apply ordi-
nary figures to them. Try it for
yourself.

Laredo Onion Shipments

Further up the Rio Grande, Laredo
has shipped 1,600 carloads of onions,
so many onions that the market price
became unsatisfactory to the grow-
ers. That section is now marketing
the largest crop of cantaloupes it has
ever grown and expects to increase
the crop next season.

Crystal City, which wasn't even on
the map until a few years ago, has
marketed a \$2,000,000 crop of spinach
—3,267 cars of it—and about a half
million dollars worth of other vege-
tables.

Great irrigation plans along the
Rio Grande and its tributaries, from
Presidio to its mouth, including the
Winter Garden district and the Me-
dina river project, will make South
Texas noted as the leading winter
market-place of the country.

Unlimited Market Area

Irrigation and market gardening
are not limited to the territories just
mentioned. Hundreds of carloads of
potatoes have been shipped from
Eagle Lake, cars are being loaded
with tomatoes in DeWitt and Wilson
counties; fruits and vegetables are
maturing for market all over East
Texas, Central Texas and North Tex-
as.

Shipping by Millions

One plant farm in the Winter Gar-
den District has shipped over 30,000-
000 onion, cabbage and tomato plants
this year to points all over the United
States and Canada. Such work helps
to make Texas far-famed.

Cucumber Pickles

The United States Department of
Agriculture says that about 3,000-
000 cucumbers are profitably
grown in this country every year for
pickles. Cucumbers growing on a
scale large enough for co-operative
marketing is becoming a profitable
Texas industry.

Canning Blackberries

There is a blackberry canning
plant at Comanche that will be op-
erated continuously through the sea-
son with berries grown on the sandy
lands of that county. Lindale, the
noted berry center of Smith county,
will have a Texas competitor soon in
Comanche county, but the berry mar-
ket is a large one, and the whole
world likes canned blackberries.

Tattooing Chickens

Chicken tattooing has become so com-
mon in Travis county, since chickens
have become migratory birds, that
tattoo marks are being branded into
the wings of the fowls to prevent
theft. This is said to be effective.
Write Walter E. Davis, county
agent, if you want to know how sim-
ply it is done. But enclose a stamp
for reply.

Crowd the Playground

The town of Mertzon has bought
a 45 acre river-front playground, to
which is invited "all Texans." If
Mertzon will adopt the tactics that
Ozona is using to get crowds to its
July 3-5 fair, the park will have to
be enlarged. The fair association
there offers "Free lunch each day at
the noon hour, consisting of barbe-
cue, beans, bread, pickles, tea and
coffee" in unlimited quantities. It's
just the West Texas brand of hospi-
tality.

San Antonio to San Angelo

The survey is being made, and
a work will be started on the gaps that
will give San Antonio direct rail
connection with San Angelo as soon
as San Antonio raises its allotment
of the capital stock. If San Antonio
is as alert as it should be, it will not
be content with that, but will start a
movement for a line from Brown-
wood to Cross Plains to connect with
the road that is to be built to that
point from Abilene, and thus open
an entirely new trade territory.

LOCAL, PERSONAL AND BUSINESS ITEMS FROM THIS BUSY BURG

ED. HUEHNER, Local Representative

News and advertising copy for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Tuesday night of each week. Mr. Huehner is authorized to collect and receipt for any business for this paper.

CASTROVILLE, TEXAS, WEDNESDAY, JUNE 4, 1930

Mr. Jacob Biry of Biry spent the past week visiting relatives and friends here and at LaCoste.

Mrs. Joe F. Bader of Hondo was mingling with his many friends here Thursday.

Mr. and Mrs. Louis Fuos were business visitors at Hondo the middle of the past week.

The program rendered by the pupils of the Sister's School Thursday night was largely attended and very much enjoyed.

Mr. and Mrs. August L. Halbardier and daughters visited relatives at Van Raub Thursday. We are certainly glad to state that Mrs. Halbardier, who had been sick in bed for quite a while, is fast convalescing. We join the lady's many friends in wishing her a speedy and permanent recovery.

CHEVROLETS USED ON PIKES PEAK HIGHWAY WORK.

Colorado Springs, Colo.—A concrete example of the tremendous strides made by automobile engineers toward the goal of mechanical perfection in the modern motor car is provided here daily on the Pike's Peak highway.

A few years ago, a car that would scale the Peak was a front-page feature throughout the country, while today, thanks to the automotive engineer, a car's ability to perform ably and satisfactorily in the thin rarefied air on the long steep ascents of the Peak is taken more or less for granted.

Despite a greatly improved highway up the Peak, the long continuous climb and the light air pressure in the high altitudes, which used to mean a boiling radiator and an engine too hot to make the grade, provide one of the severest tests in America of the mechanical condition of a car.

Even more outstanding than the performance of those tourist automobiles which make a single trip up the steep incline is the record of a

fleet of trucks used to maintain the highway in constant repair. The fleet now in such service includes three Chevrolet sixes which see almost daily use up in the region above the cloud-levels.

Recently the fleet has been used to haul away huge mountains of snow to prepare the highway for the summer tourist travel. The route was expected to be opened early in June. With the snow cleared away, the fleet will continue in daily service doing maintenance and repair work on the highway.

The Chevrolets used in this work have been in operation for more than a year. That the cars are operating today with the same degree of economy and dependability as a year ago is a fitting tribute to the achievement to those engineers who work quietly behind the scenes in the interest of improved performance at lower cost.

DEVINE NEWSLETS

From the Devine News, FROM YANCEY

News is somewhat scarce this week, though we can report several good showers of rain during last week. Not a very big scope of the country received the good rain that fell in this immediate section, but it continues to be cloudy, and prospects are very good for more rains.

Several farmers went in very extensively for raising tomatoes and are having good luck, marketing them every day.

Mr. and Mrs. J. H. Null and children went to San Antonio last weekend.

Mr. and Mrs. J. H. Burgin met their daughter, Dorothy, in San Antonio Thursday. Miss Dorothy will remain at home only for a few days, after which she will leave for Con Can where she has accepted a position in a girl's training camp.

Obed Klein was at home for a few days visiting the folks. He returned to Keene Monday where he is employed in a broom factory.

Mr. Ed Saathoff took violently ill one day last week with ptomaine poisoning. Dr. Smith was called from Hondo, and he was soon out of danger.

Dr. Richlie, a chiropractor, is quite busy in this community.

Mr. Charles Helligman made a business trip to San Antonio Monday.

Mr. and Mrs. Raymond Bailey of Hondo were Devine visitors Monday and made The News a pleasant call. Mr. and Mrs. Bailey attended the Devine school, when young folks, and are special friends of the editor.

SUGAR BEET WEIGHS OVER EIGHT POUNDS.

G. C. Clark brought a sugar beet to our office Saturday that weighed eight pounds and three ounces; and had just got good started to growing on his rich farm, north from town. He had started to irrigate his corn when a two inch rain fell over the entire farm. Couldn't be any nicer what Mr. Clark said.

FROM BIRY.

Mr. and Mrs. Chris. Hanson are spending a few days here with her parents, Mr. and Mrs. A. O. Biediger.

Mesdames Alfred Biry and Barney Bomba and children from Devine spent a few minutes here Monday morning.

Mr. Ferdinand Rihn spent one day the past week in San Antonio.

POPULATION RISES IN 21ST DISTRICT.

The 21st Census District of Texas, composed of Blanco, Bandera, Dimmit, Edwards, Frio, Gillespie, Kendall, Kerr, Kinney, LaSalle, McMullen, Maverick, Medina, Real, Uvalde, Val Verde and Zavala Counties, showed an increase in population of 26,567, or 26 per cent, according to figures released by David W. Barnhill of Uvalde, census supervisor of

the district. Three counties, Bandera, Blanco and Maverick, decreased in population, while the remainder showed substantial increases. Zavala County showed the greatest increase, 7,242.

A complete list of the counties of the district, showing the 1930 figures, the 1920 population and the number of farms in each county, as announced by Barnhill, follows:

Bandera, 3,782, compared with 4,001, 679 farms.	Blanco, 3,842, compared with 4,063, 709 farms.
Dimmit, 8,814, compared with 5,296, 709 farms.	Edwards, 2,764, compared with 2,283, 257 farms.
Frio, 9,409, compared with 9,296, 943 farms.	Gillespie, 11,021, compared with 10,015, 1,508 farms.
Kendall, 4,974, compared with 4,779, 691 farms.	Kerr, 10,149, compared with 5,842, 550 farms.
Kinney, 3,980, compared with 3,746, 93 farms.	La Salle, 8,227, compared with 4,821, 622 farms.
McMullen, 1,351, compared with 952, 203 farms.	Maverick, 6,118, compared with 7,418, 45 farms.
Medina, 13,986, compared with 11,679, 1,594 farms.	Real, 2,196, compared with 1,461, 255 farms.

"Rundown, Lost Appetite, Took Cold Easily"

Wichita Falls, Texas — "I was rundown, lost my appetite and was nervous and irritable. I took cold easily and always suffered with headache. Finally I started taking Dr. Pierce's Golden Medical Discovery and found it to be the very thing I required to keep me from being so susceptible to colds. I feel my blood circulating better when I take this tonic. I certainly think it is a wonderful medicine. I recommend it willingly and gladly."—Mrs. J. A. Woods, 806 Austin St. All dealers. New Service Policy wins nationwide approval

On January 1st of this year, the Chevrolet Motor Company announced a new service policy—the most liberal ever offered in connection with a low-priced automobile.

Immediately it was greeted with enthusiasm by Chevrolet buyers everywhere—because its many unusual features materially add to the economy and lasting satisfaction of Chevrolet ownership. Briefly, it provides—

—for free inspection and adjustment at the 500-mile mark, and free inspections every 1000 miles thereafter.

—for free replacement of any

material—including both parts and labor—that may prove defective, within the terms of the standard warranty.—that this replacement will be carried out by any Chevrolet dealer in the United States—regardless of where the owner may have traveled during the warranty period.

Backing this policy is one of the largest service organizations in the automotive industry—consisting of over 10,000

authorized Chevrolet dealer service stations in the United States alone. Come in! Learn all the other reasons why it's wise to choose a Chevrolet Six!

SIX-CYLINDER SMOOTHNESS AT LOW COST

Course of Study in Successful Poultry Keeping

is offered to all who are working earnestly to earn a good livelihood and to substantially increase their profits from their poultry flocks. The secret of greater success and more profit is in knowing what to do and when and how to do it. To avoid the mistakes of others and take advantage of the methods that have been tried and proven, is the only short cut. This information can be found in its most complete form in Reliable Poultry Journal and the R.P.J. Poultry Library.

Can You Answer These Questions?

Do You Know:

1. How to identify your best layers?
2. What is "Fropency"?
3. What is the difference between a breed and a variety?
4. How many hours of artificial light should hens have daily?
5. What is the actual difference between white and brown eggs?
6. Why is yellow better than white corn?
7. How were Rhode Island Reds originated?
8. What direction should a brooder house face?

The Correct Answers

to these and thousands of other interesting and vital questions on poultry raising may be found in R. P. J. poultry books. Some of the most popular of these books are listed below.

A NEW NOVEL BY HONORE W. MORROW.

A new book by Honore Willie Morrow is always an event. But in her new series of Lincoln stories, all who have read the manuscript agree that she has surpassed even her own high standard. There will be ten stories, dealing with the last weeks of Lincoln's life. Much entirely new material has been included by Mrs. Morrow, of real historical value; but above all, the stories are intensely grippingly interesting stories. Read the new novel starting in this week's issue of the New Christian Herald.

And in the revitalized Christian Herald you will find interesting, exciting contributions from Dr. Daniel A. Poling, Margaret Sangster, Stanley High, Dr. Charles M. SEVEN REASONS WHY YOU SHOULD JOIN THE HOME RELIEF ASSOCIATION.

First: Because your loved ones need the protection.

Second: Because the cost is only a trifle compared with any other insurance.

Third: Because it is a Home Association confined to Medina County, managed by Home people.

Fourth: Because it is an economical way to help an unfortunate neighbor in time of distress.

Fifth: Because you should give your loved ones this protection now while you are healthy; tomorrow you may be sick and be unable to get the protection.

Sixth: Because your Certificate can be converted into cash in a very short time at your death and is your protection against the sacrifice of your estate.

Seventh: Because this kind of insurance is the first written, and there are Associations in the old country more than seven hundred years old, we are told. Approximately 300,000 people in Texas alone are carrying this form of insurance.

If you are in good health and have resided in Medina County six months you are eligible for membership, either male or female, our age limit is 16 to 49 inclusive; membership fee \$5.00. We have paid out for death claims since we organized in March, 1920 \$26,664.00. The annual cost to the oldest member has been \$3.64, which is less than one cent per day. Think of it—the price of one chew of gum per day has kept their insurance in force which is today worth \$1,000.

See H. H. Crow the Secretary, who will be pleased to take your application for membership. Act now; tomorrow may be too late. Don't let some high powered salesman make you believe this is not good insurance. The officers of the Home Relief Association are: W. N. Saathoff, president; John M. Finger, vice-president; L. E. Heath, director; S. A. Jungman, director; Judge R. J. Noonan, director and legal advisor; Doctor H. J. Meyer, director and physician; H. H. Crow, director and secretary-treasurer.

All members who have not sent in their old certificates to be exchanged for the new form Certificates are requested to do so. There will be no charge for the exchange of Certificates unless you have lost your old certificate.

H. H. CROW, Secretary.

The land farmer lived in a time of
plenty. He reaped the first values of
a virgin land. He developed person-
ality. He perfected the family group.
He built a homestead representing his
idea of domestic and family comfort.
He built for permanence and estab-
lished the classic period of American
life. The typical American home as it
lives in sentiment, in literature, in
idealism, was the home of the land
farmer.

He considered his estate as belong-
ing to his family group, but had no
idea of community prosperity.

Realizing that the home owner is
the community builder, the people
of every community, whether in town
or country, should adopt some co-
operative plan which will tend to con-
vert the tenant into the home owner.

But much depends upon the in-
dividual. Buying a house and lot or
a farm is more of a philosophical con-
clusion than a physical or financial
transaction. He who is afraid to own
his home may be a good citizen, but
the best citizen is he who has the
courage to own property; to pay taxes
on it; to build it up and improve
it; to help support the community;
to be useful to himself, to his child-
ren and to the world.

Such a man embraces the opportu-
nity which home owning only af-
fords—the privilege and duty of
merging the struggle for life into the
struggle for the lives of others. This
takes the sting from the toil for exist-
ence. It makes life worth while.

The money invested in a home is
securely invested. It is not subject to
the accidents and misfortunes com-
mon to capital invested in trade or

purchase and improvement of a home
is as well secured as the nature of
human affairs will permit.

The beauty of the country, subur-

and the independence which it affords
are not provided by any other form
of investment.

A community of home owners is a
community of good schools and
churches, of excellent social condi-
tions, of high moral environment, of
beautiful homes and general pros-
perity.

FLYING "BLIND."

An experienced aviator asserts
that no airplane is thoroughly fitted
out with instruments that can not be
flown by them alone. The operator
sits in the cockpit and does not once
glance outside; his instruments tell
just where he is with reference to the
ground, and keep him straight on his
course.

So it is with the child of God who
has for his guide the Word of God.
He finds that the Lord does verily
"preserve the way of His saints." He
can "fly blind" with entire safety.
Indeed, he is much freer from peril
when he relies solely on divine guid-
ance than when he relies on his own
eyes or on the guiding signals of
other morals.

There is much comfort in reposing
our trust upon God with this abso-
lute confidence. The Christian has
no fears. He is never anxious. He is
sure that he will arrive at the desired
haven.

"That He (Jehovah) may... pre-
serve the way of His saints."

EDITORIALS

Advertising furnishes the life blood of every periodical publication. Patrons make advertisers. Place your patronage where it will help your favorite paper.

If each of our subscribers would renew for their own subscription and send us the subscription of a relative or friend they would double our list for us and help the wheels revolve more smoothly. What do you say?

Those who think Texas should be divided into five states can console themselves with one reflection—so long as it remains undivided we will have the affliction of only one Morris Shepard where there might be five.

When you patronize the advertisers whose advertisements you find in your favorite paper you are helping to build a stronger paper that can render you a better service. Remember this when looking about for some one to serve you.

The present trend from the country toward the city, with its inevitable depression of farm values, will sooner or later reverse itself and people will move to the country. Now is the time to acquire a farm home, before the ever turning cycle brings back a stronger demand and higher prices.

With Love, Sterling and Moody all three in the race for governor, the scheme to weld bond-owners to the tune of \$350,000,000 on Texas now has three active advocates in the field. This would be an encouraging situation if the latter two could split the votes of the bond advocates by defecting some of the Hooverites from Love. But can they? We don't think!

Dan Moody, the betrayer of the Ferguson administration of 1925-26 and a candidate against Jim at the present time, appointed, from among his own friends, two of the three supreme court judges who passed on Jim Ferguson's right to hold office in Texas! That is the way "justice" is meted to Jim Ferguson in Texas! It is enough to make the devil himself want to go back to kindergarten!

So long as farmers must sell their produce on a free market for what they can get for it and buy their necessities in a protected market and pay whatever protected industrialists choose to charge them, any effort to relieve a distressed agriculture can be nothing more than an empty gesture. They are still the untaxed class—exploited for the benefit of the favored class. Therein lies the cause for their distress.

The recent ruling of the state Supreme Court to the effect that, notwithstanding he is twice a holder from his party and avows his determination not to obey its edicts in the future unless it suits his personal whims, the name of that arch traitor to democracy, Tom Love, can not be kept off the democratic ticket, has released every democratic voter from all obligation, moral or legal, to be bound by the party's pledges, virtualy repeals our primary election law, and renders it impossible to maintain a real party organization. While making the way easy for Love to walk into the governor's office without having to again both his party and precipitate an immediate split, it only makes surer of a permanent split when it does come.

THE LIGHT IS BREAKING.

Oh, what a bother we make when we seek to get something for nothing—to get that which belongs of right to another without giving him value received in exchange.

Every one knows who is honest enough to admit it to himself that a protective tariff adds nothing to the inherent value of any thing—creating nothing material it can add nothing material to the usability of the commodity.

Yet a tariff would be an idle gesture if it did not benefit the seller by raising the cost of commodities to the consumer.

Therefore, a protective tariff is evil in principle and vicious in practice because it takes from the one—the consumer—that which is his and gives to the other—the seller—with out exacting from the seller a compensating return in commodity value to the consumer.

Because it is wrong in principle it can never be equitably adjusted, for when it ceases to take from the unfavored and give to the favored it will have ceased to serve its function of protection to the favored party.

These thoughts are induced by some recent correspondence which has been privileged to see between Hon. John N. Garner, member of the Conference Committee on the Tariff, and certain officers of some of our large cattle associations.

Be it remembered that these associations have been consistent advocates of a protective tariff on cattle and cattle by-products.

But with the industrial interests in the saddle in the matter of remarking the tariff, these people are beginning to see the light.

Writing Congressman Garner, Mr. F. E. Molin, Secretary American National Live Stock Association among other things, says:

"It is unfair to give adequate protection to the leather and shoe trade and not to us. We believe FAIR PLAY DEMANDS THAT EVERY-

THING REMAIN ON THE FREE LIST UNTIL SUCH TIME AS CONGRESS IS WILLING TO TREAT ALL ALIKE.

Cattlemen will not be fooled by announcement to the effect that restoring the house rates is done in order to give them protection. If anything is done it will be favorable to the leather and shoe interests and without regard to our interests and this, as stated above, is most unfair."

Then writes Mr. E. P. Spiller, Secretary of Texas and Southwestern Cattle Raisers Association and says: "It is felt generally that the ten per cent ad valorem in the House Bill is no tariff at all. It is generally felt that we would be more favorable to free hides, free leather and free shoes for the schedules which are carried in the House Bill which provide protection duties for leather and shoes and simply a gesture of protection on hides."

"The feeling generally is that if there is no protective duty on hides then the producers of hides should not be required to buy shoes and leather on a protective basis."

With the light thus breaking, is it too much to hope that sooner or later it will dawn upon a selfish-minded nation that "if there is no protection on" every man's commodity—whether hides or not—then such man "should not be required to buy" anything "on a protective basis"—whether shoes or what not?

And if all had protection on an equitable basis with every one else there would be no non-favored class left to be maligned for the benefit of a favored class, and protection will have defeated its own purpose and we will be no better and no worse off for any one than if we were on a free-trade basis—the only equitable and fair basis to begin with.

Maybe, when the public mind wakes up—if it ever does—to a real tariff truth, we will have some honest tariff legislation which can be nothing else but repeal of all protective features of the tariff laws.

"Editorials of the Month" is a monthly magazine recently established at Houston which fills a place peculiarly its own. Its field is Texas, and its matter is digests, reprints and comments on the current editorials found in Texas newspapers. In view of the fact that for some years the tendency has been to greatly minimize on editorial matter if not eliminate it altogether, the magazine's choice of material is unique and a bit surprising. Or is it an angry of a renaissance of interest in the newspaper editorials? If so, and if Editorials of the Month can stimulate the writing of such opinion-molding editorials as once gave dignity and influence to the press, such as it does, not now command, then the magazine will have filled a most worthy mission.

"Editorials of the Month" for May was greatly improved by the appearance of several distinctive departments. One of these was a splendid digest of current agricultural thought which was prepared by Mrs. Ethel Osborn Hill, known to readers of FARMING, not as a farmette or a farm writer but as the writer of

exquisitely sweet verse that sings its way right into the heart of the reader. If envy is the sincerest flattery "Editorials of the Month" can feel itself flattered, for we wish we could have beaten them to this splendid feature so admirably handled by Mrs. Hill.

To the man who vainly imagines that he does not pay any tax to support his national government, a careful reading of our Washington correspondent's front page article in this issue of FARMING is earnestly recommended. The enormous tax therein mentioned would not be so onerous if it all went into the government treasury, but only a small part of what is paid ever reaches the government coffers. The tax is paid by the consumer every time one of the articles named is purchased. But only when the article is foreign made does the tax go to the treasury; if the article is made in this country the amount is added to the manufacturer's pocket and the government never gets a penny of it. The amount of money that is thus taken out of the pockets of the consumers of American goods and transferred to the pockets of the American manufacturer without any thing of material value changing hands for it is the measure of that thing we call "Protection." If ever there were an aggregation of easy marks the American consumers are "it."

Yes, we all deplore that recent holocaust to inflated passions at Sherman. It brought sorrow and shame to all of Texas. But our sorrow and shame is that in our civilized and enlightened day such horrible and unmentionable crimes as that which caused the outbreak of the mob is possible. So long as they occur men will be driven to frenzy and will exact a horrible penalty. It is a law of the jungle that the male fight for the protection of... female of the species. It will be a sorry day for the Caucasian race when its men fall below the jungle beasts and fail or refuse to avenge a wrong to its women. And vengeance knows no moderation. These are facts. And it is useless to deplore the consequence of facts. Lachrymose editors and watery-blooded, time-serving politicians seeking to curry public favor, had as well recognize the logic of facts that will not be denied.

The harvest season approaches on the farm. No matter how abundant the yield, crops are not made until they are saved. In view of the high cost of everything the farmer must buy and the meagerness of his means of purchase, due to the low price he must accept for what he sells, every thing that can be used on the farm should be scrupulously saved. Canning, preserving and drying of fruits and vegetables in season will greatly reduce the food bill. Plenty of feed will enable the farm to produce livestock, poultry, eggs, milk and butter to the limits of the farm's capacity and enlarge the possibilities of a more profitable market while reducing the cost of living on the farm. This way lies real farm relief—and the only relief the farmer can hope for in the near future.

The powers that control at Washington have again killed the deputation feature of the pending tariff bill—the only feature of the measure that could possibly bring any material relief to agriculture as a whole. This again has the Republican party gold-bricked the American farmer. Promising him relief through tariff legislation, and getting his vote on the strength of that promise, it now increases the favors to industry at the expense of agriculture.

What gift has Providence bestowed on man that is so dear to him as his children?—Cicero.

SUNLIT PLAIN.

By Jessica May Young.

O let me dwell on the sunlit plain
Where the fields are ripe with the yellow grain
Of the waving wheat and the milo maize
Where the herds of white-faced Herefords graze.

Out where one sees through miles and miles
In lakes green framed; where prairies reach
To the western rim of the sun's gold beach.
And the twining roads, like sinuous snakes,
Wind on and on through the clearest lakes
Only in seeming, in the sun's bright glow
The illusive mirage would have it so.

It's the home of homes, a place of the heart's
ease,
And its days are wooed by the friendly breeze—
A home for those who seek the wealth
Of Nature's boon of perfect health.

O let me dwell on the sunlit plain
Where scurrying clouds give sign of rain—
Where Romance stalks down old deer trails,
And Indian paths, when the bright moon pales.

BEAUTIFUL RIVER.

By Adda May Hamaker.

O tell me, beautiful river,
What you have seen on your way,
Coming down thru the valleys,
So many miles in a day:
Far in the northern fastness
You made your "wee" little start,
But now, beautiful river,
The joy and pride of my heart—

Show me the scenes as you saw them,
Hillside and meadow and green,
Also the cities of commerce,
Built by the children of men;
Whisper the secrets of woodland,
You heard as you flowed gently by,
Surely you know full many,
And heard how the soft winds sigh.

And tell me, wonderful river,
Where do you journey from here?
Always you're coming and going,
Passing from year unto year,
And I, my beautiful river,
Am watching you ever anon,
Taking from you inspiration,
Singing of you in my song.

THE STORM-BATTERED OAK

By Lorene Warren Baxter Meers.

Far up the slopes of Muddy Trent,
An old oak tree, all gnarled and bent,
Clung windily to the crags by night
And bowed before the tempest's might.
It lashed its arms against the gale
As lightning blazed the winding trail,
That fought against its very life.

It wondered why it there must cling,
Through summer, winter, fall and spring,
Against that bleak old mountain side;
Then gazed across the vistas wide
Where stately pines and cedars grew,
Protected there the whole year through,
As dark clouds rolled across the sky.

When dawn at last dispersed the night,
It saw the halcyon, golden light
A-awakening mountain, grass, and tree,
The tranquil sky, the plains, the sea;
And wept for joy, for now it knew
That nature's laws are ever true,
What it was called upon to bear,
Would live in strength and glory there.

AN ACROSTIC.

Violets brighten the shady spots
In many gardens fair.
Reminding us that spring time
Greet us every where,
Inviting us to leave our homes
New beauties to behold
In God's great world of wisdom
And His wondrous love untold.

Roses shed their sweet perfume
On the morning air,
Sunshine paints their faces
Ever so bright and fair.
Morning glories awake and say,
Our smiles are all for you,
Not mindful of the noonday heat,
Kissing the early dew.

Honeysuckles twine their vines
Over the cottage wall,
Unfettered by the gentle breeze
Smiling a welcome to all—
Every flower is a blessing.

—MRS. G. W. MONKHOUSE.

THE DEWBERRY'S KISS.

Ah, the dewberries are ripening along the
old fence row,
Full and juicy and purple and bright in the
warm sun's glow.
Just as they did in boyhood's glad days
of long ago!

Oh, long I have wandered and far along
life's broad highway,
Borne its heavy burdens and mingled in its
furious fray—
But memory calls where the dewberries rip-
en today.

And it's oh, for another day of boyhood's
glorious June,
Back where all my world with peace was
raptnously at one,
With never a cloud on my sky and life one
joyful rune!

There's pleasure in the world's acclaim I
we're no hard world miss;
But who would not give his laurel wreath
of fame for the bliss
of boyhood's lips, purpled with the dew-
berry's virgin kiss? —Fletcher Davis.

MADRE MIA.

By Ralph Marie Audrieth.

Madre Mia! When first my hands,
Like tiny little iron bands,
Gave you into my life so tight,
Your face lit up with a happy light
That never dimmed from love's demands.

I vow that when the drifting sands
Find me afar from Thy commands,
I shall be true with all my might,
Madre Mia.

When I depart for foreign lands,
I shall not fear the loosened strands;
For there shall ever pierce the night
The vision that was your delight;
For you'll win the world's garlands,
Madre Mia.

MY SOUL.

By Ethel Osborn Hill.

My soul is like a deep, walled well
Which carless passersby
Heed not, but hurry on their way.
They think the well is dry.

But one came close and, leaning over
The curb, gazed deep and long,
And he alone has plumbed my depths
And heard my hidden song.

HARPS OF MEMORY.

By Mrs. Elizabeth Gile Winn.

The path of a sunbeam leads to the bosom
of a flower,
As the heart's first love remains a true
woman's dower.
It may have led through pain and heroism's
bower,
Though vainly she strove to lessen its
wonderous power.

For first love will remain the starlight of
the soul,
"Tis something better than may be found in
another goal.
Gently striking each chord of the human
heart
Then piercing in pity—a separating dart.

Yesterday was yours—but 'tis gone today,
A merciless fate drove your souls astray;
Your paths running amiss through an unseen
tomorrow,
Striking rocks and crags in devious sorrow.

Then you began impatiently to weave a new
day,
Distant and sad banished hearts to find a
way
Through storms and rain
Even through the deepest pain,
The cruellest hurt may unwind
And reap a richer mead than can be divined.

WHAT IS BUSINESS?

By R. L. Campbell.

What is business? Something more
Than lots of prospects out before,
For at your line three folks may pry,
Then go out somewhere else and buy.

What is business? I conclude
It is an atmosphere, a mood,
That over prospects you can throw
And make them trade before they go.

What is business? Something you
Will have to guide your patrons through.
It makes them seek your goods to buy
And never ask the reason why.

What is business? It is said
To be a means of earning bread,
But you will always find it true
That your success depends on YOU.

THE ROSE OF LOVE.

Amie L. De Berger.

Among my garden treasures
I sought perfection, blown,
And clipping bud and blossom,
I culled them as my own.

With tender hands I lingered,
Their beauty filled the air;
Their beauty had had vanished,—
I found pale ghost flowers there.

How like the rarest blossom
Our life, at times, may be,
When Love, in seeking, gathers,
And craves in ecstasy.

A fleeting blissful moment
Fills our heart with song,
But later, lonely hours
Remain when Love has gone.

HONDO, TEXAS, JUNE 6, 1930

THE OLD YEAR CLOSSES AND A NEW YEAR OPENS FOR SCOUT- ING IN SOUTHWEST TEXAS.

This month begins our new Fiscal
Year, and we are optimistic enough
to believe that it is going to be the
best in the history of Scouting in
Southwest Texas. But perhaps we
aren't being so optimistic after all,
because Scouting is growing each
year, and in the opinion of a number
of Scout Officials, we have just closed
the most successful year in Scout-
ing that this Council has yet witness-
ed. Needless to say, we are expecting
a great year.

Of course, as in all other great
organizations, it is absolutely neces-
sary that we have money with which
to carry on this great work; and we
are just when the time comes, you
will respond just as readily as you
always have in the past. The
members and individuals of Hondo,
who contributed to the Budget of South-

THE SMALL TYPE THEATRE'S ADVANTAGES.

Four main factors in favor of the
small type theatre, in connection with
the merchandising of sound and talk-
ing picture entertainment are cited
in a current summary of the big
theatre vs. small house situation:

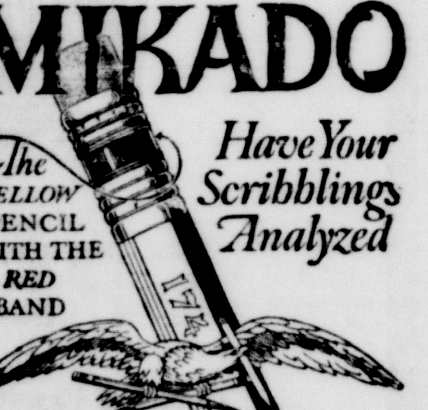

1. Ordinarily better acoustically
than the large house, the small house
gains this advantage from the ab-
sence of many arches, balcony con-
struction, and can prove in actual
practice the truth of the always ad-
vertised contention that any seat is
a good seat from which to see and
hear, with nearer one hundred per
cent success than can the big brother
of the smaller theatre.

2. Better projection, taking pro-
jection averages into consideration in
a generalized manner, is found in
these smaller type theatres—and by
smaller type theatres we mean the
houses seating 1,000 and less. Per-
haps the reason for the better pro-
jection is that in the smaller house
the owner is in closer contact with
the projectionist, with a feeling of
mutual understanding as a result.

3. Lower prices. Admissions aver-
age 25 cents under those of big
houses.

4. No parking considerations of
any importance enter into the trou-
bles of the average small theatre
owner. But the large downtown
house, ordinarily finds the parking
problem becoming ever more com-
plicated, with chain theatre owners
as a result invading the residential
areas; thus it is expected that
through the next sixteen months new
construction of smaller type houses,
chain operated in some part at least,
will continue to gain.

The World is Progressing

A sign of old age is looking behind,
Of reviving old methods of every kind,
Of believing the world will go on the rocks
Unless children mind and wear different frocks;
But the fact really is the world's moving on
As it always has done since earliest dawn;
And the way to keep young is to keep in the race
And to move with its progress, not backward face.
The HONDO STATE BANK is strong in the belief
The world is progressing, will not come to grief.

For Commissioner Precinct No. 1.

To My Friends and All Voters of
Commissioner's Precinct No. 1.

I am again announcing myself as a
candidate for the office of Commis-
sioner of Precinct No. 1, believing it
is time a change should be made in
that official position of the County.

It is my purpose, in making the
race for Commissioner, to try and
not only try, but improve our public
roads of my precinct, without favor
or hope of reward, and to economi-
cally manage as far as I can the fin-
ances of the County, provided the
voters and tax payers will so honor
me with their support.

Hence I am asking all voters in
Precinct No. 1 who have confidence
in my integrity and ability to fill the
office, for their support at the next
election in November, 1930.

Trusting I will be your next Com-
missioner,

I am, most respectfully,
ALVIN MUMME.

I hereby respectfully announce my
candidacy for re-election to the of-
fice of County Commissioner of Pre-
cinct No. 1 of Medina County, Texas,
at the general election to be held in
November, 1930.

During the time I have served as
your County Commissioner I have al-
ways endeavored to safeguard the
interests of the Taxpayers and to
render efficient and faithful service,
and if elected again I shall continue
to execute the trust imposed in me to
the very best of my ability. I will
greatly appreciate your influence and
support.

Respectfully,
H. F. BUSS.

For Commissioner Precinct No. 3

I hereby announce myself as a
candidate for Commissioner of Pre-
cinct No. 3, and if elected pledge my-
self to a faithful and economical ad-
ministration of the affairs of the
office. Your vote and support is ear-
nestly solicited.

ALFRED NESTER.

I hereby respectfully announce my-
self for re-election to the office of
County Commissioner of Precinct No.
3, of Medina County, Texas, at the
November general election.

During the time I have had the
honor of serving as County Commis-
sioner it has been my earnest endeav-
or to do my full duty and to render
fair and impartial service to every
taxpayer. If re-elected I shall con-
tinue to fulfill the duties of the office
to the very best of my ability.

I wish to again thank the voters of
Precinct No. 3 for the honor con-
ferred upon me and to assure one
and all that your vote and support at
the coming election will be greatly
appreciated by me.

Respectfully submitted,
OSCAR W. TONDRE.

This Woman In 4 Weeks Lost 19 Pounds of Fat

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.

"Gentlemen: I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts.

"I started taking them every morning as directed as I was very much overweight and wanted to reduce.

"I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give 'Kruschen Salts' a fair trial.

The day I started to take them I weighed 256 pounds and at present, which has been just four weeks, I

weigh 239 pounds. And I must say, I feel better in every way, besides looking much better. Kruschen Salts had a decided effect upon the quantity of food I took and stimulated my desire to greater activity.

"I have recommended Kruschen Salts to many of my friends, in fact, have a number of them taking Kruschen Salts.

May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince any one."

A bottle of Kruschen Salts that last four weeks costs but 85c at W. H. Windrow or any drugstore in America.

"KONJOLA PUT ME BACK ON ROAD TO GOOD HEALTH."

Dallas Lady Eagerly Endorses New Medicine—Found Relief After Other Medicines Failed.

MRS. F. L. BETHEL.

"For four years my system was in a rundown condition and for the past eight months, stomach and kidney disorders have caused me much suffering," said Mrs. F. L. Bethel, 406 Avondale street, Liberty Heights, Dallas. "Gas formed after each meal and I had a burning sensation from my throat to the pit of my stomach. My kidneys were sore and did not function properly. I had pains across my back, and I was steadily losing in weight and strength.

"I finally decided to try Konjola and this medicine has put me back on the road to good health. I am no longer troubled with the stomach condition. My vitality and general health have improved immensely, and I am free from those terrible pains in my back. I sleep soundly at night and my whole system has taken on new life."

When taken for six to eight weeks, Konjola, the new and different medicine, will work wonders that will astonish those who suffer from the stubborn ills of the stomach, liver, kidneys and bowels, and of rheumatism, neuritis and nervousness.

Konjola is sold in Dallas, Texas, at W. H. Windrow's drug store, and by all the best druggists in all towns throughout this section.

POPULATION RISES IN 21ST DISTRICT.

The 21st Census District of Texas, composed of Blanco, Bandera, Dimmit, Edwards, Frio, Gillespie, Kendall, Kerr, Kinney, LaSalle, McMullen, Maverick, Medina, Real, Uvalde, Val Verde and Zavala Counties, showed an increase in population of 26,567, or 26 per cent, according to figures released by David W. Barnhill of Uvalde, census supervisor of the district. Three counties, Bandera, Blanco and Maverick, decreased in population, while the remainder showed substantial increases. Zavala County showed the greatest increase, 7,242.

A complete list of the counties of the district, showing the 1930 figures, the 1920 population and the number of farms in each county, as announced by Barnhill, follows:

Bandera, 3,782, compared with 4,001, 679 farms.	
Blanco, 3,842, compared with 4,063, 709 farms.	
Dimmit, 8,814, compared with 9,296, 709 farms.	
Edwards, 2,764, compared with 2,283, 257 farms.	
Frio, 9,409, compared with 9,296, 943 farms.	
Gillespie, 11,021, compared with 10,015, 1,508 farms.	
Kendall, 4,974, compared with 4,779, 691 farms.	
Kerr, 10,149, compared with 5,842, 550 farms.	
Kinney, 3,980, compared with 3,746, 93 farms.	
La Salle, 8,227, compared with 4,821, 622 farms.	
McMullen, 1,351, compared with 952, 203 farms.	
Maverick, 6,118, compared with 7,418, 45 farms.	
Medina, 13,986, compared with 11,679, 1,594 farms.	
Real, 2,196, compared with 1,461, 255 farms.	
Uvalde, 12,945, compared with 10,769, 757 farms.	
Val Verde, 14,894, compared with 12,706, 251 farms.	
Zavala, 10,350, compared with 3,108, 303 farms.	

Bottles are not the only things that leak in transit. Vegetables badly affected with watery soft rot actually leak in transit, in storage, or on the market. When preparing truck for the market, take care to exclude vegetables so affected. Even very small soft-rot spots may grow en route and cause considerable damage by the time the produce arrives. All common vegetables, except the potato and the onion, are susceptible to watery soft rot, which causes a characteristic soft, watery decay in the produce and a white cottony mold on the plants. Careful handling and good refrigeration will reduce losses from the disease, but will not entirely control it.

HONDO DEFEATS CASTROVILLE 9 TO 8 IN GOOD GAME.

"Shorty" Holloway, in Relief Role, Pitches Good Game; Fans Seven Indians.

Behind the steady pitching of "Shorty" Holloway, who relieved Schneider in the third inning, the Hondo Savages rallied to score 9 runs and win from Castroville at Castroville last Friday by a 9 to 8 score.

Schneider started for Hondo but got into trouble right away and was relieved by Holloway at the start of the third inning, after Castroville had put across five runs. "Shorty" was right and seven Indians fanned out, swinging at the Southpaw's hooks.

The locals were hitting the offerings of Leossberg and made 11 hits count for 9 runs. Hondo's big inning came in the fourth when the Savages batted around, getting 7 hits to score 6 tallies. Modessette led the Hondo hitters by getting two hits in three official trips to the plate. Burrell and O. Keller of Castroville each got two hits in four tries to lead the Indians. Beal, making his first appearance in the Hondo line-up played a good game for the locals at second base.

PEARSALL SHUT OUT 12 TO 0 BY HONDO SAVAGES.

Sham Holloway Pitches Great Game, Allows 6 Hits While Striking Out Nine Visitors.

Sham Holloway gave the best exhibition of pitching seen here this year last Sunday when he shut out Pearsall. Sham allowed but six hits, did not walk a man and whiffed nine. The locals were hitting hard and made 12 runs on 15 hits to make the final score 12 to 0.

Every player on the Hondo team got a hit with all but Bless, King and Modessette getting two each. Sham was also hitting the ball. He got two doubles out of three times to bat.

The Savages also played a good game in the field, committing but one error. In the ninth inning Hondo pulled a fast double play to kill a possible rally by Pearsall. The visitors had the bases loaded with only one out, when Beal took Carter's grounder threw to Bless, who snapped the ball to Taylor, to couple the double killing and end a perfect day.

The box-score reads:

A NEW NOVEL BY HONORE W. MORROW.

A new book by Honore Willise Morrow is always an event. But in her new series of Lincoln stories, all who have read the manuscript agree that she has surpassed even her own high standard. There will be ten stories, dealing with the last weeks of Lincoln's life. Much entirely new material has been included by Mrs. Morrow, or real historical value; but above all, the stories are intensely gripping interesting stories. Read the new novel starting in this week's issue of the New Christian Herald.

And in the revitalized Christian Herald you will find interesting, exciting contributions from Dr. Daniel A. Poling, Margaret Sangster, Stanley High, Dr. Charles M. Sheldon and a dozen other "star" writers. One
